About HOPE

HOPE Fair Housing Center is a nonprofit fair housing organization based in Wheaton, IL. Since 1968, we've been fighting housing discrimination and helping our community attain equal access to housing opportunities.

Our Vision

We envision housing opportunities for all members of our communities to rent or buy any home they can afford, thereby creating economically sound, vibrant neighborhoods.

Our Mission

We work to create greater housing opportunities for all. We want to ensure everyone has the chance to live where they choose, free from illegal discrimination. HOPE accomplishes this through education, outreach, enforcement, training, and advocacy.

About our Conference

HOPE Fair Housing Center's Annual Conference started because leaders at HOPE decided that we must come together to ensure that housing remains a human right. Since then, past events have steadily helped to grow interest in the fair housing movement, particularly in the ways our communities are negatively impacted by historically discriminatory practices.

HOPE's annual conference provides vital resources and information on how we can remove barriers to ensure everyone has the freedom to live in the home of their own choice free from illegal discrimination. Moreover, the conference is an opportunity to cultivate advocates and ambassadors for social change. This year's program, "Neighbors in Justice", asks us to reach out toward the movements whose interests inevitably intersect with our own. We believe that exploring the intersection of ours and other various causes will allow us to uncover new solutions and novel ways to do our work.

We have come a long way as a leader in the fair housing movement, but we would greatly benefit from your support and partnership. Your generous contribution will aid us in furthering our mission.

- *Hear from experts on pertinent and emerging topics in fair housing*
- *Stay on the cutting edge of the fair housing movement through innovative ideas, solutions, and discussion points*
- *Walk away with actionable steps for activists and advocates*

Sponsorship Packages
